

The RWC wall canopy

Also available in white

 Robinhood

Stainless steel or white to suit your kitchen

Robinhood RWC 600/900 Wall Canopy

○ Adds function and fashion to your kitchen

This classic canopy is both a thing of beauty and a highly functional appliance. Add style to your kitchen while you ensure that cooking emissions are efficiently removed.

○ Grease is efficiently captured

Multi-layered micromesh filters trap grease effectively. They're simple to remove and are easily maintained with a regular clean in the dishwasher.

○ Illuminates your cooking area

Cooking area is illuminated with two 20 watt halogen lamps. Separate lighting switch allows you to use the rangehood for mood lighting. Lamps are quick and easy to replace.

○ Simple styling makes cleaning easy

High quality finish and push button controls are easy to clean with a damp micro-knit cleaning cloth.

○ Recirculation if you can't duct

In situations where ducting isn't possible, this rangehood can be fitted with charcoal filters that cleanse the air effectively before returning it to the kitchen.

○ Three speed fan captures kitchen smells, steam and smoke

Powerful extraction fan rapidly removes steam, smoke and cooking smells from your kitchen. Three-speed switch lets you select the fan strength you need – low for steamed vegetables; medium for bacon and eggs; full strength for stir fries.

○ Turns off if the worst happens

If you have a cooking disaster, and something catches fire, the rangehood automatically switches off to prevent flames and sparks being sucked into the ducting or ceiling.

Product incorporates a thermal overload function that senses extreme heat and disconnects power to the motor temporarily.

Extraction	Gross Airflow: Up to 736m ³ per hour extraction power.* Net Airflow: Up to 650m ³ per hour extraction power. <small>*The airflow figures are calculated to the IEC61591 standard and includes a 10% tolerance due to motor performance variations.</small>	
Finish	Stainless steel or white.	
Lighting	Halogen lighting.	
Filter	Multi-layered micromesh. Dishwasher safe.	
Decibel rating	Speed 1: 58.5 dB. Speed 2: 63.3 dB. Speed 3: 67.7 dB.
